UTC:

- ✚ We are glad to present a summary about our promising contracting company (UTC).
- ✚ Our beginning was with small projects that suits our start. Because we were aware of the targets we want to reach, we combined honesty, integrity and loyalty to execution to our material power. The thing all our clients felt while dealing with us, representing our company in a glowing picture you can't hide from seeing it.
- ✚ Working with an attentive, experienced administration, and highly qualified engineers and specialized technicians, adding to its advanced technology in all stages of the project, delivered the best services that fulfill our clients and project owners need.
- ✚ UTC's loyalty and determination to success and develop, achieved a share in the market not less than the competitive companies that proceeds us in ages in this field.
- ✚ Now here we are already prepared our equipment's for tremendous projects, and dealing with big companies without any hesitation or obstacles, longing to compete honesty to pave our way to the peak of success.
- ✚ At last we would like to thank all our workers and all who stood for us through our successful trip by their honest commitment and supporting and aiding consultations in assuring the trust of our clients. Promising that we will always be at your trust.

About Company:

- UTC is a young vigorous contracting company whose advantage lies in its commitment to high quality control and technical excellence.
- UTC prides itself in the importance it places on client's satisfaction and on performance in accordance with highest standards.
- The Company is ranked in the ministry of housing and public works as:
 - Second degree in buildings construction.
 - Third degree in Electromechanics and Renewable energy.

Ministry of Public Works & Housing

Eng. Yahya Musa Kisbi

Who we are:

- ✚ UTC is specialized in success and satisfying our clients by its personal supervision that precedes the exterior supervision.
- ✚ Our company targeted success as goal to achieve by choosing its staff according to high standards to guarantee' itself and the clients the best qualified team working the best trusted supervision.

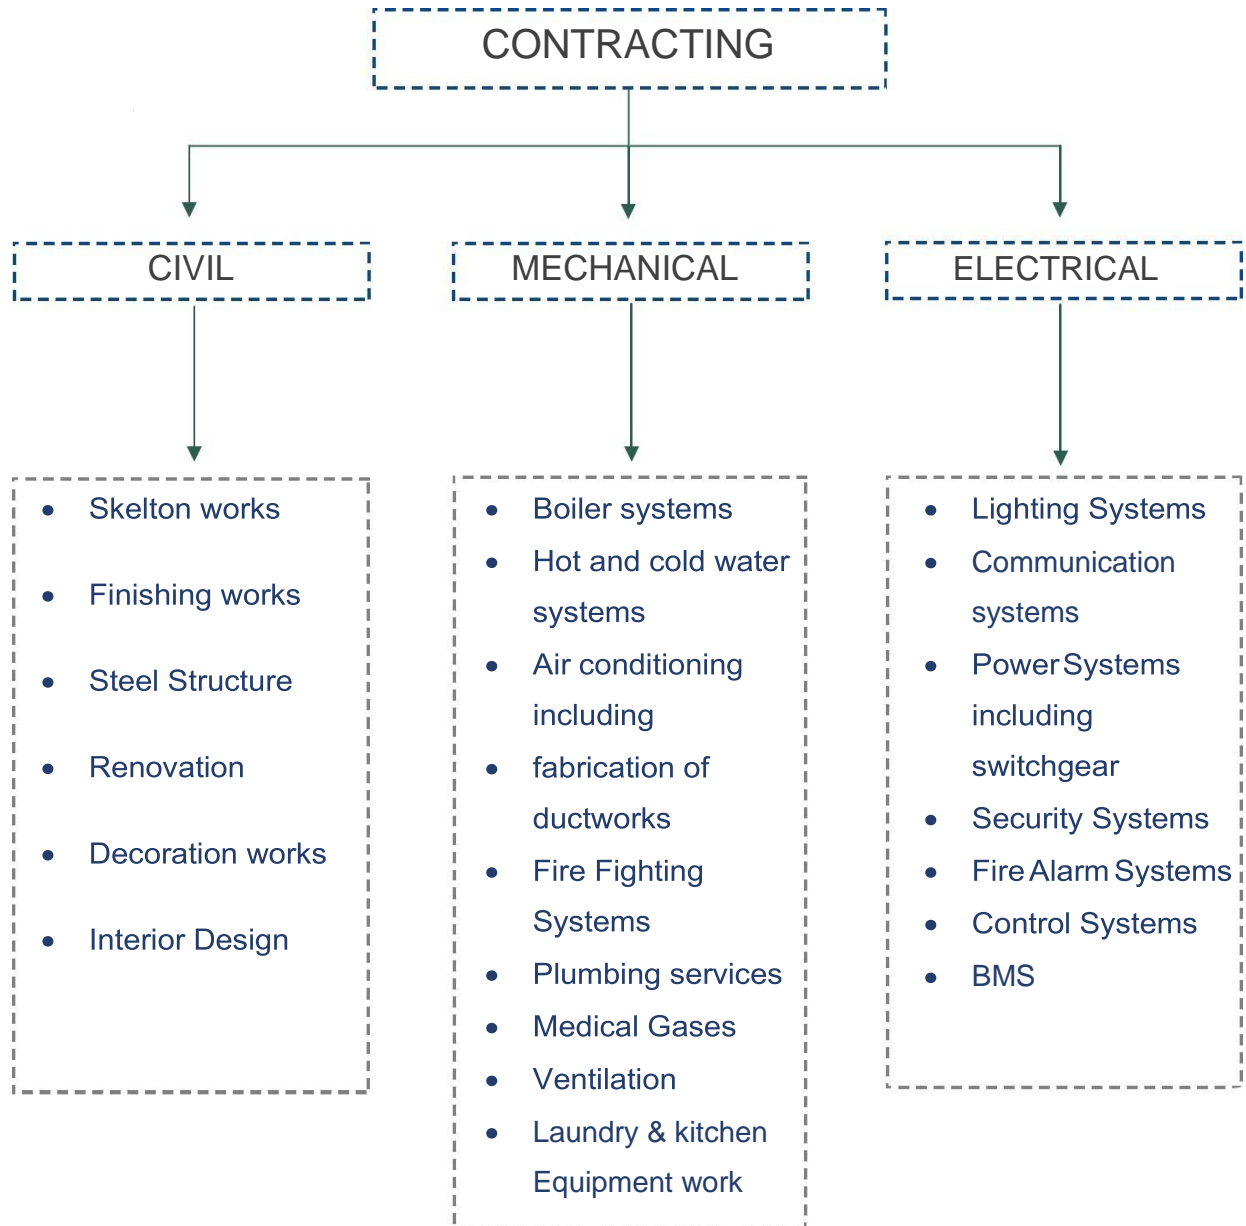

Our Vision:

- ✚ Managing time and money is the real standard for success, and because we are aware of how valuable it is, we became one of the distinguishing contracting companies in Jordan. In which, carrying out any project is adjusted with specific time and expense.
- ✚ Our high standards always delivered projects with standards higher than whets allocated for the project, because of working with the greatest trademarks, and having the best qualified staff, that's why we reach a further supervision with our clients than others can. That's what we earned from our clients trust and working with them repetitively.
